Morning and afternoon game driving tours will lead you to some of Africa's giraffes, its largest lion prides, hyenas, herds of zebra, antelopes, buffalo, wildebeest, and cheetahs. Between the months of July and October, the Mara is famous for the Great Migration, when awe-inspiring numbers of zebra, Thomson's gazelle and wildebeest move into the area. When westerners think of African safari tours, this part of Kenya is the place they imagine - golden grassland plains dotted with acacia and wide-open savannahs roamed by wildebeest, zebras, lions and jackals. Your camp has great wooden decks with large verandahs for guests to enjoy the constant game activity that takes place around the watering hole at the camp.

If you're able to visit between July and October, you may be able to witness the Great Migration, when huge herds of Thomson's gazelles, wildebeests and zebras travel in mass from the Serengeti. It is an unforgettable experience that is not to be missed. No matter when you visit, you will also have a chance to take a "walking safari", or visit a local tribal village if you wish. You will learn about the Maasai way of life and how they have managed to retain their semi-nomadic customs even in today's modern world, when so much of their world is at risk. After all these adventures, you will be more than ready for a mid-day nap, take a dip in the pool or laze on the veranda to escape the heat of the day.
